

## Captains, Managers and Coaches Responsibilities

A reminder of your role as a leader within Ryde Panthers Football Club.

As a Captain, Manager or Coach you have additional responsibilities to both prevent and act on any inappropriate behaviour.

In the event you do witness any behaviour that is deemed unsportsmanlike and/or inappropriate, please intervene and remind the offending party that this is unacceptable.

The standard you walk past is the standard you accept!

This responsibility needs to extend to all players and spectators regardless of whether you know them or not.

Please share with all of your members and inturn spectators who come to watch your games, the expectations of acceptable behaviour.

**At RPFC, we have ZERO tolerance for any negative engagement with any officials of the game.**

Being the leader, you too are accountable for their behaviour.

Similarly, if you do witness any inappropriate behaviour, we expect this to be reported to [president@rydepanthers.football](mailto:president@rydepanthers.football), including details of the incident and individual involved so that the Club can address immediately and take action.

For discreet reporting, please email [member-protection@rydepanthers.football](mailto:member-protection@rydepanthers.football)

This could be from fining the individuals, suspensions issued directly by the Club through to potential termination of individual membership ie not playing or having any involvement in the game.

Please be aware that the Club is held responsible for the behaviour of all of it's players.

**Let's Work together - Football is a TEAM sport.**

**Play Safe and Respectful.**

Please enjoy your football and play in the way the game was intended.

Kick On!
